Financial Assistance

Merit-based scholarship notifications are included with the offer of admission; recipients will find scholarship information enclosed with the letter of acceptance. Admitted students who filed the Free Application for Federal Student Aid (FAFSA) and the College Board's CSS/Financial Aid PROFILE by our priority date of 11:59 p.m. Pacific time on February 15 should receive a financial aid award by mid-March. If you have any questions about financing your education at Lewis & Clark, we encourage you to contact the Office of Financial Aid at fao@lclark.edu, 503-768-7090, or 503-768-7074 (fax).

Financial aid funds cannot be dispersed to your student account until we receive an official final high school transcript showing date of graduation. If you did not graduate from high school, we must receive your GED or other state-recognized high school equivalency before your financial aid will be dispersed.

Credit for Prior Coursework and/or Examinations

To have any college coursework taken while in high school evaluated for possible transfer credit, please provide the following: (1) A letter from your high school stating that the college work (specified by course) was ***not*** required for high school graduation and (2) an official transcript from the college granting credit for the course.

To receive credit for Advanced Placement (AP) and International Baccalaureate (IB) examination results, please send an official report directly to the Office of the Registrar (MSC 108). See the online catalog for specific department policies.

Final Transcript

First-Year Students

All entering first-year students must send an official copy of their final high school transcript showing date of graduation to the Office of Admissions.

Transfer Students

Entering transfer students must send updated official transcripts directly to the Office of Admissions for any additional college work completed since admission to Lewis & Clark. The Office of the Registrar will communicate with incoming students regarding changes to their transfer credit status upon receipt of updated transcripts.

Verification of High School Diploma

The admissions office will confirm that all entering students' transcripts are issued by a high school with a CEEB code. If a transcript is issued by a school lacking a CEEB code, the Office of Admissions will investigate to confirm the school is recognized by an appropriate state department of education or home school association.
The Office of Admissions may request a copy of the student's diploma at any point in the admission process to verify enrollment and graduation.
