Lewis & Clark provides an excellent opportunity for some international students to study English as a second language. Those students are particularly interested in living with an American student so that they can immerse themselves in the American language and culture. If your roommate is an international student, are there particular areas of the world about which you are curious?

Japan  Middle East  Korea  Taiwan  Rwanda  Vietnam  Any country is great!

Campus Living is committed to a collaborative, safe, interdependent, and educationally purposeful community. To that end, we seek to provide a positive and supportive residential environment and rooming situation for all students regardless of gender identity or sexual orientation.

Would you be interested in living with a roommate who identifies as LGBTQ? Yes  No

You must complete a [Theme Application](#) available for download from the web and return it with your housing contract and this questionnaire if you wish to be considered for participation.
