

# Summer Job Opportunity: Be an Xplore Leader

## What is Xplore?

Xplore is a week-long program that occurs before New Student Orientation (NSO) from **August 23-30<sup>th</sup>**, and is designed for incoming first-generation students interested in science and math. Students take part in lab activities, critical thinking tasks, scavenger hunts on and off campus, meet with current students and faculty, and much more.

## What is an Xplore Leader?

Leaders of the program plan and implement all Xplore activities. This includes coordinating meals, catering, lodging, group trips downtown, faculty speakers, and more. Leaders also serve as mentors to the students in the program. Past program outline and materials will be available to leaders. There are three leadership positions open for Summer 2017.

**Stipend:** \$500

## Required Skills:

- Entering junior or senior year at Lewis and Clark College or recent graduates.
- Science or Math Major
- Must have energy, vision, creativity, and a desire to help others succeed.

## Preferred Experience:

- Students who are themselves first-generation students, or who have overcome significant obstacles in pursuit of academic success.
- Someone who is familiar with campus resources and departments.
- On-Campus event planning experience.
