

WHAT IS POLITICAL ECONOMY?

The Political Economy Program faculty invites you to join us on:

Tuesday, November 17, 3:30-5:00pm in JRHH 123

For light refreshments and lively, casual conversation.

Each professor will make a brief (5 minute) presentation using artifacts, books, images, and stories to describe what sparked their interest in political economy, share their area of expertise, and discuss their current research/activism.

We look forward to (re)connecting with PE minors and meeting interested students!
