IME Cookbook 2024

IME has had many great conversations about how to share and care for so many cultures and identities. The topic of food and family always came up in these special moments. We introduce the IME Cookbook: share your/your family's recipe, the cultural significance, and why it is important to you. Use the QR code to submit your recipes to IME. In

collaboration with Bon Appetit, three submissions will be selected each month to be added to the dinner menu. For the recipes that get selected, you will have the chance to get into the kitchen (working back of house) and taste test the meal while being cooked and just before it is served.
