

NSO Day of Service 2011

*Spend an afternoon with your classmates helping out organizations all around Portland!
Get connected with some great non-profit organizations and start early on giving back to the community!*

Tryon Life Community Farm

The Tryon Community Farm is a sustainable living community where residents work to demonstrate how preserving communal green space, native ecosystems, and farming can work in an urban area for a more sustainable living community.

Impact NW

Impact Northwest's mission is to help people achieve and maintain self-sufficiency and to prevent and alleviate the effects of poverty. Every year they serve over 60,000 people including children, youth, families, seniors, and adults with disabilities across three counties.

The Salvation Army

The Salvation Army seeks to perform evangelical, social, and charitable work and bring the Christian message to the poor, destitute, and hungry by meeting both their physical and spiritual needs.

Tryon Creek Watershed Council

Tryon Creek Watershed Council is an organization devoted to improving the health of Tryon Creek and its watershed. Given that Tryon Creek Park is our next door neighbor, we have a responsibility to keep it up!

Oregon Food Bank

Oregon Food Bank recovers food from farmers, manufacturers, wholesalers, retailers, individuals and government sources and redistributes that food to those who need it. Join your classmates in packing, organizing, and sending out food!

Portland Public Schools

Come be a part of Community Care Day 2011! Community Care Day is a volunteer annual cleanup day to beautify the public schools around Portland for the new school year. Come make your own school experience better by bettering others'!

47th Avenue Farm

There's no better way to connect with where your food comes from than to spend an afternoon volunteering on a farm. 47th Ave Farm is an urban farm dedicated to growing produce for nearby residents seasonally and sustainably.

Tryon Eco-Trails

The Tryon Eco-Trails organization is committed to volunteer-backed restoration, conservation, and trail maintenance projects. Help conserve the natural ecosystem of Tryon Creek Park by removing invasive species!
