

Leadership & Service Scholars Learning Agreement (Year 2-3)

Foundation programming is designed so that you can experience a wide range of service and leadership opportunities both on campus and in the community. You will focus your co-curricular activities around participation in a wide-range of programs; discover what the College offers outside of the classroom; and, immerse yourself in the culture of Lewis & Clark.

Focus programming is designed so that you begin to focus your co-curricular activities around being involved in a few activities of particular interest to you. Focus opportunities typically involved a deeper leadership role and commitment. Typically, participants take on Focus program options after participating in Foundation programming.

Scholars have the following **Second/Third Year** programmatic requirements:
