Lewis & Clark College

NSO 2018 Transfer Schedule of Activities

New Student Orientation is designed for you!

These programs and events will introduce you to the campus environment, provide opportunities for you to meet your classmates as well as faculty and staff, and equip you with the tools and resources necessary for a successful transition to Lewis & Clark.

As a transfer student, you probably participated in some sort of orientation at your previous institution, but Lewis & Clark does things a little differently, and there is still a lot of value in the events we have planned for you.

Our hope is that you will attend each program and take advantage of all of the social opportunities.

If a time range is indicated for an event, it means either that you have that period of time to check it out or that you will find further instructions in your arrival packet.

If only a start time is indicated, please report to the specified location several minutes prior to the beginning of the event.

Carry this schedule and your student ID card with you throughout New Student Orientation.

Events marked with this symbol are mandatory.
