## **Student Life Assessment Committee: October Newsletter**

Greetings Student Life Division members,

Happy fall, y'all! We hope that your academic year is off to a running start. We have a few important updates for you, as well as some celebratory news! Please read to the end of this message.

### **Updates**

---

#### **SLAC drop-in workshops**

In order to support Division members in their assessment planning and projects (see updates below), the SLAC will hold drop-in workshop hours for any who are interested at the below times:

- Thursday, October 11 from 12:00 - 2:00 pm | Gray Meeting Room (Templeton)
- Thursday, October 25 from 12:00 - 2:00 pm | Gray Meeting Room (Templeton)

#### **Planning Module**

🎉 GREAT JOB, HAROLD MCNARON (STUDENT LEADERSHIP AND SERVICE)! 🎉

You have completely filled in your Planning Module items for fall 2018 as outlined by the Committee during the spring 2018 semester.

Other departments, please continue the planning work you have begun! Below is an outline of our goals for the planning module during the fall 2018 semester. [Resources on developing these items are available on our webpage](#) - also please visit us during our drop-in workshops!

Access the planning module here: [lclark.campuslabs.com](http://lclark.campuslabs.com)

Need access? Email [juliansteele@lclark.edu](mailto:juliansteele@lclark.edu). Each department should have **one permanent user** for Campus Labs.

Planning module goals for fall 2018:

Develop and upload these items into the planning module:

**3 goals for the 2018 academic year**

**1-2 outcomes for each goal**

## 1-2 measures for each outcome

### Survey Planning Form

It's time for our friendly reminder to please use the [survey planning form](#) for any surveys:

- **distributed through email**
- **to a population of Lewis & Clark students of 15 or more**

We ask that you submit this seven days in advance of the planned distribution. For past surveys - it's not too late! Retroactively submitting is still useful, as we will use this information to audit how, when, and why our students have historically been surveyed, so that we can plan strategically moving forward!

Thank you very much for taking the additional time to perform this step 🙌

## Highlights

---
