Because this is an invitation only fair, we request that you please RSVP as soon as possible -- space is limited!

Tabling

Recruiting on campus by tabling to meet students, introduce your organization and discuss open opportunities. This is a great, low-cost way to meet one on one with approx. 15-25 students in short conversations. Tabling takes place in one of our prominent academic buildings and/or the library to facilitate the most connections possible. We reserve the space for you and handle the marketing, promotion and outreach of the event.

You will be responsible for paying for your parking fee of \$5 for the tabling session. If interested in this option, please fill out our [on-campus recruiting form](#) and we will be in touch to confirm a date!

Industry Meet & Greet Networking events

These events are like an informal career fair meets networking event. They are invite-only and will be intentionally small with only 8-10 employers and select alumni to maximize interaction. Students will learn about your organization in a 2 minute intro and then network with you at tables. There is a small fee for participation (\$25-\$30) to cover the cost of food for attendees. We partner with student groups like Student Alumni Association to assist with peer-to-peer marketing of the event

- *These will take place in February and March 2020*
- *Industries are TBD*
