

# ADAPTING YOUR COURSES FOR FALL 2020

## SUMMER 2020 WORKSHOP SCHEDULE

Our workshops will be organized along two main strands:

- **Touchstones** will present and develop important Touchstones of Teaching essential to adaptive teaching in the hybrid in-person / online environment.
- **Strategies** will offer strategies, tools and models appropriate to specific types of courses: discussion-based; problem, object and lab-based; world language; performance-based; software and methods-based; and lecture-based.

### Touchstones

- Mondays, 2-3:30pm
  - July 6 Touchstone: Intentionality and Flow.
  - July 13 Touchstone: Structure & Flexibility.
  - July 20 Touchstone: Leadership & Connection.
  - July 27 Touchstone: Consistency & Variety.

### Strategies

- Tuesday, June 23, 1:30-3: Video Conference Classroom Basics.
- Thursday, June 25, 1:30-3: The Basics of Learning Management Systems at LC.
- Tuesday, June 30, 2-3:30: Adaptive Teaching, Part 1: Some Basics and General Models.
- Thursday, July 2, 2-3:30: Adaptive Teaching, Part 2: Teaching-Type Brainstorming Groups.
- Tuesday, July 7, 10-11:30: Lecture-based Workshop.
- Wednesday, July 8, 10-11:30: Performance/Physical Instruction-based Workshop.
- Thursday, July 9, 10-11:30: Discussion-based Workshop.
- Tuesday, July 14, 10-11:30: Problem, Object, or Lab-based Workshop.
- Tuesday, July 14, 10-11:30: World Language Workshop.
- Thursday, July 16, 10-11:30: Software and Methods-based Workshop.

## JUNE

### Tuesday, June 23, 1:30-3: **Video Conference Classroom Basics.**

We'll introduce video conference tools available to you and your students at LC - Zoom and Google Hangouts Meet followed by tool specific breakouts for hands-on practice and discussion. Host: Miranda Carney-Morris, Ed Tech. (Strategies) [RSVP](#)

Thursday, June 25, 1:30-3:

**The Basics of Learning Management Systems.** We'll provide a comparison of Moodle and Google Classroom followed by tool specific breakouts covering how to get started designing an online course to support your fall teaching. (Introduction to G-Suite and Moodle). Host: Miranda Carney-Morris, Ed Tech. (Strategies) [RSVP](#)

Tuesday, June 30, 2-3:30:

**Adaptive Teaching, Part 1: Some Basics and General Models.** In this session, we will discuss basic logistical parameters and pedagogical guidelines for our teaching in the fall, and offer one possible model for discussion-based classes. Host: Molly Robinson, TEP. (Strategies) [RSVP](#)

## JULY

---

Thursday, July 2, 2-3:30:

### **Adaptive Teaching, Part 2: Teaching-Type Brainstorming Groups.**

We'll provide an introduction to the teaching types, and create breakout rooms where people can converse and brainstorm about the needs and challenges of their teaching type. Host: Molly Robinson, TEP & ATLA Faculty. (Strategies) [RSVP](#)

---

### **Monday, July 6, 2-3:30: Touchstones of Adaptive Teaching: Intentionality and Flow.**

We'll talk about intentional and purposeful design and planning, contrasted with the need for lightness, humor, open mindset, and flow. Host: Molly Robinson, TEP. (Touchstones) [RSVP](#)

---

### **Tuesday, July 7, 10-11:30: Lecture-based Workshop.**

Host: Joel Martinez.  
(Strategies) [RSVP](#)

---

Wednesday, July 8, 10-11:30: **Performance-based Workshop.** This workshop will focus on resources, templates, technology and support for faculty who teach classes that require physical and embodied engagement with curriculum (music, theatre, dance, music, art, physical education among others). Host: Rebecca Lingafelter. (Strategies) [RSVP](#)

---

Thursday, July 9, 10-11:30: **Discussion-based Workshop.** We'll explore models of how discussion-based classes might apply adaptive teaching guidelines and touchstones. In addition we will discuss needs, concerns, and ideas for sharing resources. Host: Maryann Bylander. (Strategies) [RSVP](#)

---

Monday, July 13, 2-3:30: **Touchstones of Adaptive Teaching: Structure & Flexibility.** We'll focus on increased needs for clarity and structure in the online environment, contrasted with increased needs for flexibility and adaptability. Host: Molly Robinson, TEP. (Touchstones) [RSVP](#)

---

Tuesday, July 14, 10-11:30: **Problem, Object, or Lab-based Workshop.** This workshop will focus on templates for designing courses where students have hands-on interactions with objects in a lab or studio setting. Hosts: Dru Donovan & Greg Hermann. (Strategies) [RSVP](#)

---

Tuesday, July 14, 10-11:30: **World Languages Workshop.** We'll brainstorm around the challenges of teaching language in the hybrid and online environments. Host: Molly Robinson, TEP. (Strategies) [RSVP](#)

---

Thursday, July 16, 10-11:30: **Software and methods-based Workshop.** Host: Dru Donovan. (Strategies) [RSVP](#)

---

Monday, July 20, 2-3:30: **Touchstones of Adaptive Teaching: Leadership & Connection.** We'll discuss the importance of having a sense of authority and leadership as a teacher, contrasted with the need to create strong and connected relationships in the classroom. Host: Molly Robinson, TEP. (Touchstones) [RSVP](#)

---

Monday, July 27, 2-3:30: **Touchstones of Adaptive Teaching: Consistency & Variety.** We'll focus on the synergistic connections between the need for consistency and predictability in teaching, and the need for variety and diversity. Host: Molly Robinson, TEP. (Touchstones) [RSVP](#)
