

Senate 4/25/19

Student Life and Responsibilities is here

- Been working on the alcohol policy
 - No drinking if you're under 21 etc.
 - Current policy is 6 pages long
 - The new policy is 2 pages and clearer to read
 - More concise
 - Helen: where will it go when it is finalized?
 - It will just replace the one already online
 - Primarily for the CAS campus
- Wants to look over some sections and get feedback
 - Is it clear? Any suggestions?
 - Most changes were
 - removal of the section on 'Alcohol at Registered Events' and there are plans to make that a separate policy
 - Changes to make it clearer to read
 - Definitions were provided for reference
 - FSU:
 - Where is the Alcohol Awareness Program
 - Answer
 - SAPS is process where any first offense will require a small session on alcohol awareness and educations. It is not a
 - Is there a clarification on medical amnesty?
 - Answer
 - We were gonna link the entire medical amnesty page but maybe we can write that out here
 - Esla
 - What about empty containers on display in rooms?
 - Answer
 - Ran this through the ABs prior
 - Basically, in our eyes we see that having those bottles of cans are more like paraphernalia and there is not enough evidence to say that that person clearly drank/is drinking so empty cans do not violate policy but we will report back when that is finalized
 - Also should be put in the policy
 - Ben
 - For common source containers, is that for like when people put alcohol in water bottles?
 - Answer

- no
 - When we say common source containers we look more to like buckets full of jungle juice and stuff like that
 - Larger unmarker/unclear containers
- Jack
 - When campo finds alcohol in a room or sees people drinking, how much authority do they have to search a room and be intrusive
 - Answer
 - If an RA calls about drinking, campo has full authority and cause to search a room based on that evidence
 - That rule is in the campus living contract
 - Katie
 - There is a search and seizure policy on the web site next to the alcohol policy
 - I think we're just curious what students should know about situations like that and what rules/access campo has at their disposal
 - Answer
 - I think that is something to talk to campus living about
- Esla
 - You mention that you don't want the policy to be confusing but maybe some links to the campus living policy and the search and seizure policy would be some nice extended info to have on the Alcohol policy
 - Answer
 - That is a good point and there is also a frequently asked question page that we have as well
- Quitnen
 - On 14 it says you can't drink alcohol during class but what about before class?
 - Answer
 - I think that isn't necessarily about drinking in class but more like when professors want to go to a bar
 - What if a person is visibly intoxicated in class
 - Whether it is before or after or during class, as long as they are intoxicated than they have broken other points in the policy so they would already be in trouble
- Thanks!
 - Once we have a solid final draft we will send it for review one more time

Alden
