

# APPLICATION FOR STUDENT COURSE EVENT FUNDS

MSC 47

Guidelines:

These funds are designed to enable (or to assist) **off-campus** field trips and excursions that supplement course goals by contributing directly to the curriculum. These funds can also be used for class dinners, cooked at faculty homes, or at off-campus venues with some course tie-in. Applications must come from faculty (or staff at faculty behest). Each faculty member can apply for one such grant per class per semester. We regret that we cannot fund on-campus food (e.g., donuts, pizza brought to class) or student club events.
