5. Legislation

NO: We were all there at the last meeting with the tie breaking. Jacques is the one who drafted this Bill (FA20 SB005). We are trying to avoid that situation again.

What it says is that if the Vice President has a conflict of interest it goes to the chief justice. If the chief justice has a conflict it will go to the President. The list is there to avoid that ongoing voting, so please try not to get hung up on the list. Last week was very uncommon because that had not happened before in ASLC history.

JK: While this is changed now, the SDTF will be looking into this as well. There is

room for further improvement.

LJ: Motion to vote

MM: Second

JK: We are now voting on if it will be added to the constitution. We will need 3 quarters of a yes for it to pass. Please put a yes on the participants to say yes or no. The bill passes with all yesses.

6. Closing Remarks

JK: Your goals that you made two weeks into being elected, you will need to turn in your semester reports the last day this semester. This will show your reflection on those goals that you made. This will be available to the whole student body. Goals are able to change and you can talk about what you would like to change your goals to. It would be great to use the ASLC values with this as well. If you don't submit them at that time, I decided that I will send your name to Jacquase who will decide how much extra time you would need. I am just trying to make sure that the chair of senate is not making that decision. Some of you have not submitted your stipend forms, which means that you are not getting paid. The last thing that I would like to talk about is next semester's senate schedule. This is about the speakers that we have come to senate. I will need to start planning that to give them enough notice. Please let me know if you have any one in mind so that I can get in contact with who you bring up. If we want to switch up the forum as well that is something that
