4. Legislation

MM: Motion to table resolution (SP21 SR001)

OW: Second

NO: I was working with cabinet members on this with changing the presidential election (SP21 SB001). So now the president elections are run together as a joint ticket to help with the VP and president relationship. We changed the time date so that people who graduate are not still doing work for ASLC. If you get elected this year you would be in office until the end of final exams.

AT: Do we need to have in this bill that if someone is not there the second semester?

JP: With that we have had that happen a lot. What we usually do is that the person in that position resigns. So it should be okay.

MM: Motion to vote

TP: Second

TP: I have read this legislation and I assume most people also have an understanding of the changes it is making.

JK: If you are in an agreement do not put anything on and put a no if you are in a disagreement. I do not see a disagreement so this bill passes.

IF: I think that it is important that we highlight transparency with Wim and that the community knows where we are at. Priorities about transparency.

Chat comment

MM: How would this email be sent out?

PC: It would have to be a specialty email.

CA: I was thinking that maybe it could be a resolution that ASLC has with more context with why. Don't the resolutions have access to everyone? Just a way to get to as many people as possible.

JK: Next week there is no senate meeting so to get it passed there is no time.

Discussion is up for a meeting next week.

AT: I am worried about waiting until next Tuesday. I propose that we, if Iyanna is comfortable with this, but people who wrote the email meet with Mikah and then we give them authority to send that email out.

JK: I think that is a good way forward. We would be voting for Mikah to work with the people who drafted the email and then create an email to send out to the student body with response and conversation with Wim. We can send the letter to every CAS student, but it would be on their student government to send it to them. To get it to faculty, we would need to go through Bruce and Robin, but it may not go to everyone.

TP: Motion to vote

MM: Second

JK: If you are not in favor of this email please put a no or message me. I do not see anything. With that we will organize that meeting.

5. Closing remarks/announcements

JK: We will not be meeting on zoom, but instead signing up for a bystander meeting. I expect you to go. If you think we should meet you all have the ability to call for an emergency meeting.
