

SOAN Faculty Advisor Policy

At the end of each semester, the SOAN department will publish a list of all advisors that are able to accept new advisees - this list will be available via the SOAN web page and posted in the window of the administrative coordinator's office (JRH 343B).

SOAN students that are in need of an advisor are encouraged to reach out to these available faculty members directly to see if they are still able to take on new advisees. Please note that SOAN faculty have a max capacity of advisees that they are able to work with in order to maintain an equitable distribution of responsibility within the department. Faculty are not able to make exceptions for this policy.

Should a faculty member be unable to take on additional advisees, students will be referred to the admin coordinator (Sara Asberry - sasberry@lclark.edu) to discuss which faculty members are currently available to take on new advisees.

Please feel free to direct any questions regarding advising assignments to Sara at sasberry@lclark.edu.
