

Greetings!

It has almost been 25 years since we graduated from Lewis & Clark! The College has seen many important changes in recent decades from upgrades to our residence halls and athletic facilities to the inauguration of the first woman and the first person of color to serve as president.

On June 22-25, 2023, L&C will hold its annual Alumni Weekend. Our Class of 1998 (along with others) will be coming together to reminisce, reconnect, and reflect on our time at Lewis & Clark. We invite you to join us at this year's Alumni Weekend to celebrate the bonds that grew from our classrooms and labs, clubs and teams, and especially our overseas and off-campus programs. Those programs will receive special attention this year as L&C celebrates 60 years of sending students around the world to study.

We really hope you will join us to celebrate this milestone reunion. There will be many terrific events over throughout the weekend, highlighted by:

Fri. 6/23	Alumni Weekend Welcome Reception (at L&C)
Sat. 6/24	All Decades Brunch with Bubbly (at L&C)
Sat. 6/24	Fir Acres Feast (at L&C)
Sat. 6/24	Class of 98 after-party (off-campus, organized by us, your classmates!)

You can find more information about the diverse and exciting activities happening over the weekend [here](#). They include Alumni College, a tour of the remodeled campus center, the Alumni Honors Ceremony, an Alumni of Color Reception, and more!

For now, we are asking for you to: 1) Save the date; **2)** Register by April 3 to take advantage of discounted event prices; and **3)** Participate in giving a class gift if you can. Giving of any size is welcome and participation is key. Giving information can be found [here](#).

We can't wait to connect with you all in June!

Sending our warmest wishes,

Your Reunion Volunteers:

Emily Williams, Jaime Puccioni, Jan Martin, Justin Henderson, and Marnie Troska
