Happy 3rd week of February!

I'm Nina Olken, and I'm the senior associate director of the [Career Center](#). My colleagues and I are committed to helping you develop the skills to understand, create, and connect your rich liberal arts educational experience with future goals. As you immerse yourself in these experiences, the Career Center is committed to helping you translate them into a meaningful future.

What do we do?

1:1 Advising by Appointment

Meet with a staff member once, for several weeks or check-in every few months to keep you focused (appointment topics can vary based on your needs). Whether you are looking for an internship or job, we'll help you in developing your application materials (think resume or cover letter), practicing for an interview or preparing for graduate or law school.
