

# Lewis & Clark Department of Music

## *Types of Recitals*

### SENIOR DEGREE RECITAL

If you are planning to present a recital for credit as your Senior Project, you must register for MUS 490 during the semester the recital is presented. Recitals for credit are graded by a committee of three music faculty members. This committee will be assigned to you. All committee members must be able to be present at your recital. You will work on the details of planning this event with the Performance Events Coordinator and your advisor.

### NON-DEGREE RECITAL

The Department of Music reserves a limited number of pre-selected dates throughout the academic year for non-degree recitals via the Fridays@5 series. Students performing a non-degree recital are required to complete the [Non-Degree Recital Authorization Form](#). You will work closely with the Performance Events Coordinator for scheduling your performance date and general event planning. You must have authorization from your lesson teacher prior to requesting a performance date.

### JOINT RECITAL

Joint recitals are permitted for non-degree recitals. Each performer must complete a [Joint Recital Authorization Form](#). You will work closely with the Performance Events Coordinator to schedule your performance from the list of pre-selected Fridays@5 dates. You must have authorization from your lesson teacher(s) prior to requesting a performance date.
