

How To Find My iPhone

1. Go to www.icloud.com

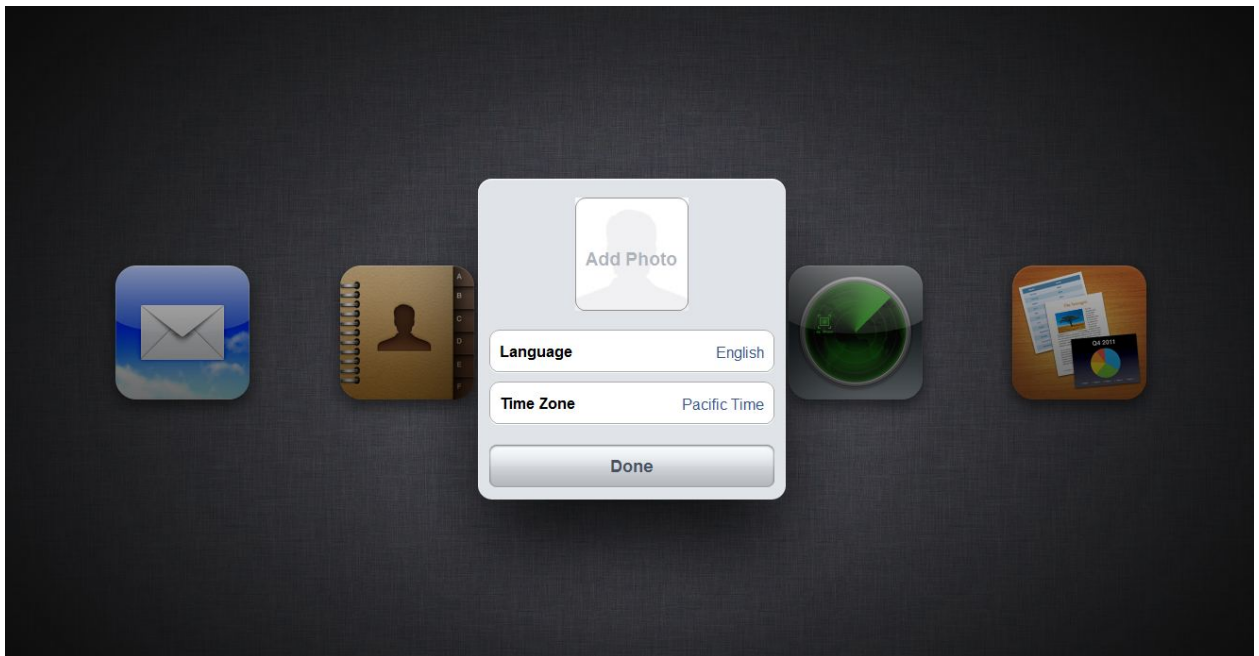

You must first download and install the Find My iPhone app onto your iPhone (allow it to use your Location Services).

2. Sign in with your Apple ID

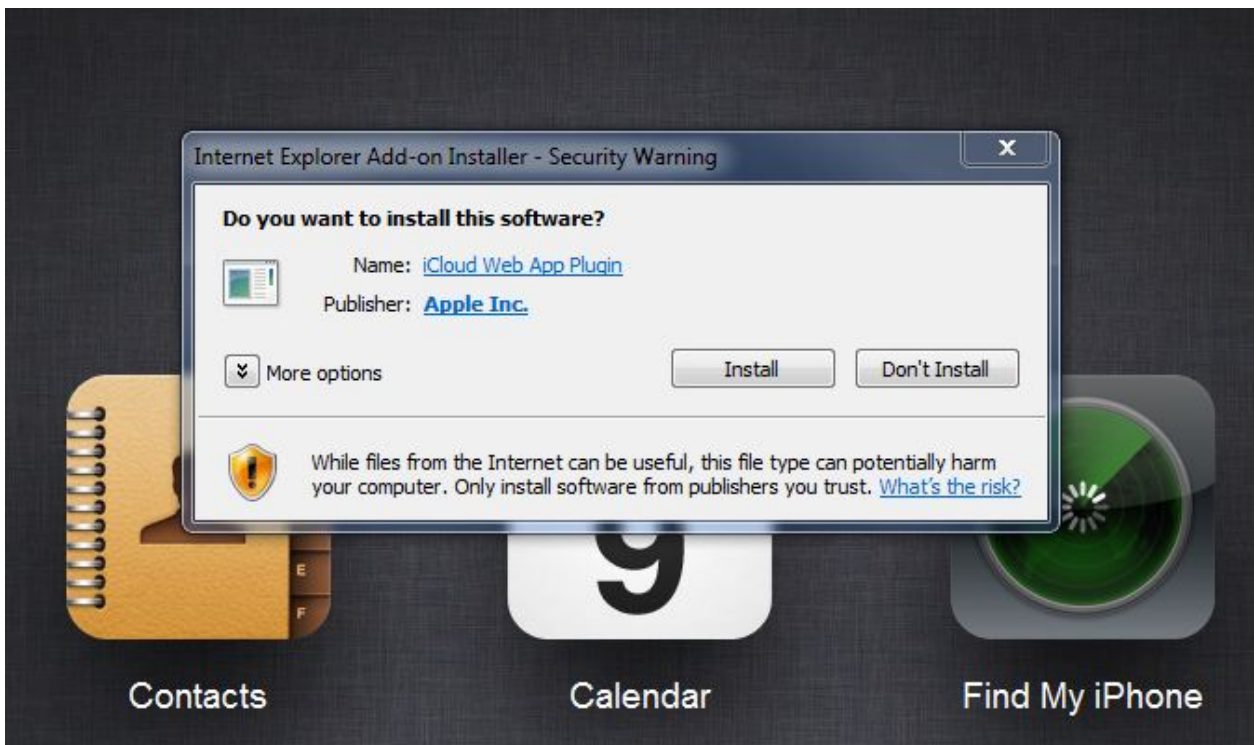

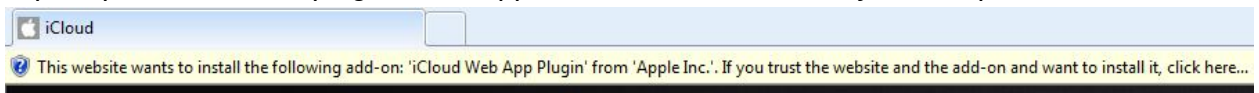

IF you don't have an Apple ID, create one. This is needed to download anything from the App Store.

3. Modify Language & Time Zone, Select Done.

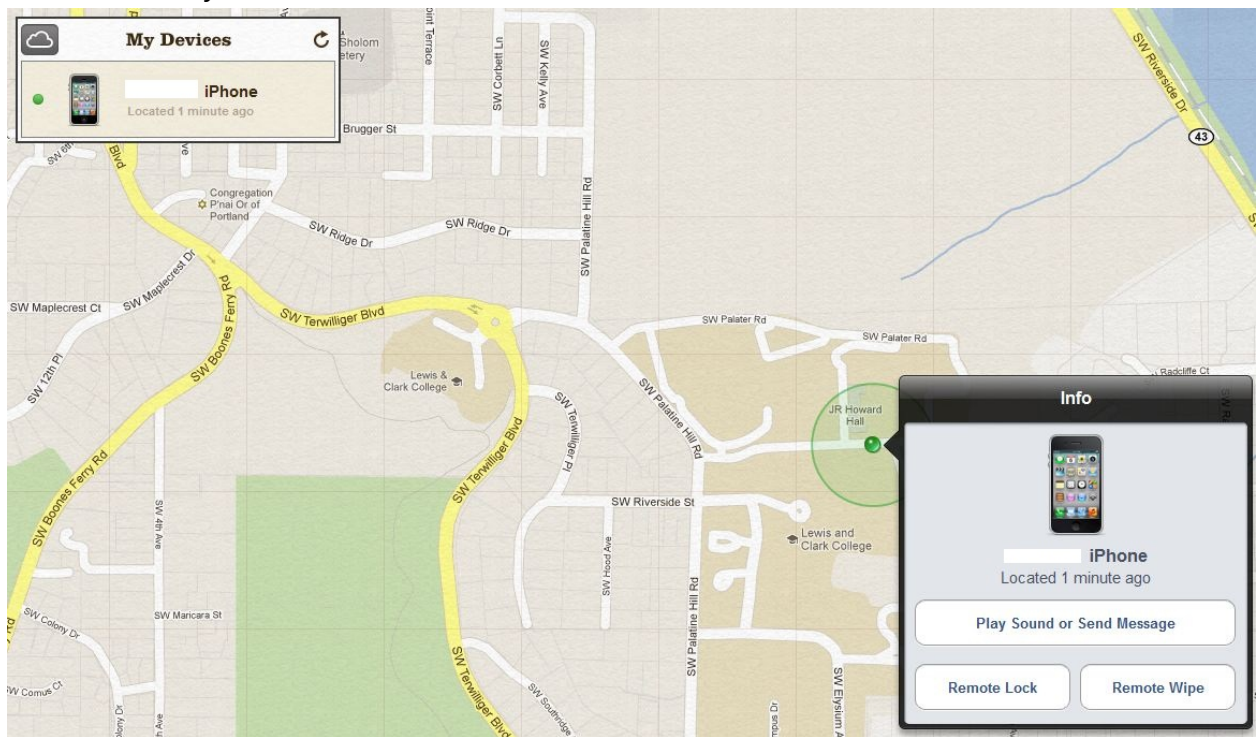

4. If prompted to install a plug-in from Apple Inc., click to install for your computer.

5. Your iCloud home page.

6. Click on Find My iPhone

7. An message will be sent to the email account associated with your Apple ID.
